HCL-0500F-00	1/2	0.785	300 PSI	.145 lbs	300 / 100 ft
HCL-0625F-00	5/8	0.895	200 PSI	.180 lbs	200 / 100 ft
HCL-0750F-00	3/4	1.045	150 PSI	.215 lbs	200 / 100 ft
HCL-1000F-00	1	1.315	150 PSI	.315 lbs	200 / 100 ft

Use - 100 instead of -00 when ordering 100' cut lengths.

SF = (3:1)

POTENTIAL USE:

- * Potable Water Lines
- * Air & Water Lines
- * Food & Beverage Dispensing
- * Air Breathing

FEATURES:

- * Constructed of PVC materials sanctioned by the FDA for contact with food.
- * Material compounds contain no substances designated as hazardous under California Proposition 65.
- * Non-Marking
- * Clear Tube & Cover
- * Ozone Resistant
- * Light-weight

TEMPERATURE:

-20 F (-4 C) TO 150 F (+65 C) continuous service

CONSTRUCTION:

Tube: Specially Formulated, FDA Sanctioned PVC Material
Reinforcement: High Tensile Strength Textile Cord
Cover: Specially Formulated, FDA Sanctioned PVC Material

PACKAGING:

Coiled, tied and individually bagged in heavy-duty, clear plastic bag.

BRANDING:

None
